About The Mischievous Mice Series

The **Mischievous Mice Series** is a behavioral book series.

Each story teaches kids that good behavior gets rewarded and that there is a consequence for bad behavior. Each mouse has to deal with Santa Claus when he comes into town. Santa Claus explains why stealing, fighting, being manipulative are all mischievous behaviors and not very nice.

This Mischievous Mice series helps kids learn what is naughty and what is nice. These mice teach kids that there are good and bad choices. Kids learn the importance of limitations and how accidents can occur when you don't practice self control. Kids learn valuable lessons from these naughty little mice by the outcomes of their actions.
